

Professional Biography

Marc D. Snyder

Mr. Snyder is a founding member of GiveJet, a corporation developed to provide solutions for a range of aircraft service needs. Mr. Snyder brings a diverse set of skills to the GiveJet team ranging from management to aviation safety to operational experience. He has enjoyed over a decade in the aviation industry and has been recognized for his outstanding achievements in the various organizations he has served.

Marc demonstrated his leadership skills and focus on aviation safety early in his career. After high school, Marc started working at Delta Airlines while attending college. He was quickly promoted to Supervisor of Ramp and Cargo operations. During that time, Marc became the head trainer at the Piedmont Triad International airport (located in Greensboro, NC) for Atlantic Coast Jets, Atlantic Southeast Airlines, Comair, and Delta for the categories of Ramp Operations, Safety, Hazmat, De-Ice, and Cargo Transportation.

After three years of working for Delta in this capacity, Marc enlisted in the Marine Corps. In the Marine Corps Marc deepened his aviation experience and knowledge. He became an F/A 18 fighter jet mechanic on a five year contract. During his enlistment, Marc Snyder made the rank of Sergeant and graduated from Embry-Riddle Aeronautical University with a Bachelor of Science in Professional Aeronautics with a focus on Business and Safety. The skills he obtained in active duty enabled him to supervise over fifty personnel on a daily basis. Within the duration of his military career, Marc Snyder was able to accomplish the following:

- Incorporated new tools and procedures streamlining aircraft maintenance production by 30%.
- Improved hazardous materials and environmental functions in the facility to be more eco-friendly saving the manufacturing facility tens of thousands of dollars annually.
- Led a team of OEM GE engineers in the improvement of a newly incorporated aircraft engine component increasing the life of the part and saving the Marine Corp and Navy millions of dollars annually.

Marc Snyder also obtained certifications in EPA, OSHA, Naval Aircraft Quality Assurance Inspector, and Lean/Six Sigma which helped make all these accomplishments possible. Marc has been professionally recognized several times for his safety initiatives and industry accomplishments.

By harnessing recently available technologies, Marc has helped develop a streamlined process for delivering private aircraft charters. Through his expertise and industry experience, his clients are able to make informed decisions on services ranging from individual charter flights to aircraft acquisition and management. He can be contacted on his cell phone 24 hours a day 7 days a week at 407-516-8163 or via the email listed below.
