 PHILANTHROPY

Here at GiveJet, we are in a constant pursuit of perfection. From inception, the GiveJet founders formed a team of industry veterans. We surveyed the medical industry.

These industry professionals asked for an air charter agent that has the following attributes: safety conscientiousness that is ingrained into the spirit; social and fiscal responsibility beyond the expected; fair pricing; an understanding of the unique needs set by the medical industry; perks; quick response time; an exceedingly personalized & professional service available worldwide. We listen well and our delivery is even better. The result is GiveJet!

GiveJet. Our name says it all. We give all this and more!

PHILANTHROPIC JET CHARTER

Rewards that work for you & the community

ADDING VALUE TO YOUR CHARTER EXPERIENCE, ONE REWARD POINT AT A TIME

At GiveJet, we believe in the importance of Giving. With each flight flown, you will accrue valuable **Fly Free Rewards Points™**. These points may be redeemed for valuable rewards such as:

- Free Cabin Upgrades
- Free Limo Transfers
- Free Catering
- Flight Discounts
- Free Flight!

We realize that a majority of our clients take pride in their Philanthropic endeavors. Whenever you redeem your points for a reward, GiveJet donates to the charity of your choice in your honor. This donation amount is based on the number of points that you redeem. What better way to say thank you for your patronage!

MEDICAL PROGRAM

RESPONSE TIME

Our knowledgeable 24/7 team meets the stringent demands of coordinating a medical transportation flight. We understand the importance of meeting these demands and keeping pace with constantly changing parameters.

Before you ever call GiveJet, we are already preparing for your flight. GiveJet keeps track of the position and availability of all its network aircraft allowing us to respond rapidly to your request.

Our tracking system ranks network aircraft on numerous factors such as safety rating, response time, aircraft age and more. This ensures that you receive the most relevant, and cost effective aircraft for your particular mission.

QUALITY ASSURANCE

Our quality assurance program ensures that each and every flight is treated as the most important.

Our quality assurance manager analyzes each trip at certain pre-determined check points. This ensures that our strict standards are always met. Our quality assurance manager gladly receives improvement suggestions and praises alike. Your voice will always be heard.

GIVEJET PROVIDES A ONE STOP SHOP FOR ALL OUR CLIENT'S AIR TRAVEL NEEDS

MEDICAL PROGRAM

Our dedicated team of medical flight coordinators specialize in providing the most expeditious and reliable service available in air medical transportation. GiveJet arranges flights for industry insiders, patients, corporate and insurance clients.

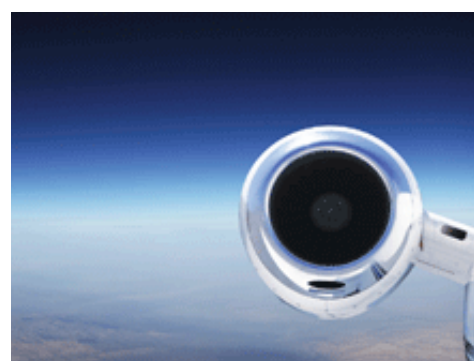

Benefit from our extensive network of local, regional, national and international aircraft. There are many factors that must be analyzed when booking a medical flight. Let GiveJet be your air charter resource.

GIVEJET FLY FREE REWARDS CARD

At GiveJet, we have pioneered the Jet Charter Rewards Program. Now, you can earn extra rewards by signing up for the Fly Free Rewards Card. The Rewards card acts as a debit account making it easier than ever to book a Jet Charter flight. The Fly Free Rewards card is fully refundable. Contact your account manager for more information.

SAFETY

GiveJet safety standards are uncompromised. We go beyond what is required. To exceed your expectations, we elevate ours. We don't utilize industry standards; we raise the safety bar to new heights.

Why? Because we know you have moved up the bar in your life to far beyond standard. And, quite simply, we believe you would expect it from a state-of-the-art jet charter service. So would we.

All aircraft in GiveJet's network are rated by the Federal government under the strict FAR part 135 guidelines. However, in addition to this, GiveJet network operators participate in an independent safety auditing program. These auditor's hold our network aircraft operators to a higher average than the federal government guidelines. This ensures that the aircraft in our network are held to the highest standards in civil aviation.
